

Alaska's Inside Passage & San Juans Cruise

14 NIGHTS | JUNEAU, ALASKA TO SEATTLE, WASHINGTON | AUGUST-SEPTEMBER

INCLUDED HIGHLIGHTS

- Cruise Alaska's and Canada's Inside Passages
- Two UNESCO World Heritage Sites—Glacier Bay National Park and Olympic National Park
- Adventure activity Tongass National Forest and Misty Fjords National Monument
- Hike on Washington's Hurricane Ridge
- Explore the San Juan Islands by kayak or paddle board
- Native culture and Gold Rush history
- Tlingit culture in Ketchikan and Haines
- Watch for whales and wildlife in Frederick Sound
- Wilderness kayaking, paddle boarding, skiffing, and hiking
- Hiking and biking in Haines
- Educational presentations by onboard expedition team

DAY 1 Juneau, Alaska - Embarkation

Welcome to Alaska's capital city. Check-in at the hospitality center and later, board your ship. Your captain and crew greet you warmly and help you settle in. Set sail from the harbor toward Lynn Canal—adieu, Juneau! (D)

DAY 2 Haines

Haines is adventure central: hiking, biking, exploring. The trails are the cream of the crop, but all options lead to views of rivers, inlets, and snowcapped mountains. Haines has been occupied for thousands of years. The Chilkat Tlingit lived and traded here. European explorers arrived in the late 1880s. Of course, there's the Gold Rush. Turn the pages of history with a presentation on the past. And there's free time to explore on your own. (BLD)

DAY 3 Icy Strait

Bull whip kelp threads through nearby channels like a jungle mangrove. And you know better, but orange and purple starfish and jellyfish make it hard to believe you're not in the tropics. Follow the currents out to where the sea lions flock to remote rock formations. Your captain is on the bridge, the expedition team on deck, and all eyes are on the water and the shore. Everyone is on-watch for the telltale blow of humpbacks. Dall's porpoise feast in the nutrient-rich water too. And bears lumber about for an afternoon nosh. Try getting a little closer to the shoreline by skiff, kayak, or on foot. Sometimes the smallest things are the biggest wonders. Take in the evening solitude from the bow, or the hot tub. Or both—why choose just one? (BLD)

small ships, BIG adventures

DAY 4 Glacier Bay National Park

There's a cool factor, and it's not just coming off the face of the glaciers! This 3.3 million-acre park was covered by ice as recently as 1795. Since then, the park's receding glacier activity has made it a lot easier to access those inner reaches. Pick up a park ranger at Bartlett Cove in the early hours. Glacial history, retreats, advances, moraines. They come with expert insight, so bring on the questions. Pigeon guillemots, puffins, and cormorants colonize and nest at South Marble Island. One good whiff and a few loud barks give away one of its mammalian residents. It's a full day in the bay exploring Muir's legacy—all the way to Grand Pacific and Margerie Glaciers. Celebrate with a toast to Ma' Nature's handiwork. (BLD)

DAY 5 Chatham Strait / Chichagof Island

South into glacially-carved Chatham Strait. Captain picks the anchorage. Your top-notch expedition team plans the fun. And rain or shine, anything is possible. Paddling. Skiffing. Beachcombing. Bears like it too—Chichagof Island has one of the highest brown bear populations in the world. (BLD)

DAY 6 Petersburg / Frederick Sound

Sailing into Petersburg, the views of Devil's Thumb and snow-topped peaks are motivation enough to put one foot in front of the other. Hard-charge up Petersburg Mountain or choose a mellower hike along Petersburg Creek. Take time to stroll through town. Or visit the museum for a dose of Tlingit and Norwegian history before lunch back on board. Go slow in Frederick Sound. It's a favored summer home for humpback whales. Let the search begin. Take a jaunt by kayak or paddleboard before calling it a day for happy hour. (BLD)

DAY 7 Ernest Sound

Between Cleveland Peninsula and Etolin Island sits Ernest Sound—first charted in 1793. In some of its least-explored reaches, drop anchor. Your expedition team has a full list of activities in queue. Boots, paddles, skiff? Pull on your rubber boots. They were made for the deep forest you're hiking into. Paddle around tiny islets that dot the edges of Deer Island. Or scoot further away with the speed of a skiff to serene pockets carved into the rugged coastline. This evening, relax on deck to the call of the wild. (BLD)

DAY 8 Misty Fjords National Monument / Behm Canal

It does get misty here. In fact, down right mystical. Calm settles over these parts and all you can hear is nature. Deep glacial fjords filled with seawater. Wetlands, estuaries, dense forests, and sweeping granite cliffs. Misty Fjords is the largest Wilderness Area in the Tongass National Forest. Behm Canal separates the western edge of the monument from the mainland. It's a haven for wildlife—grizzly and black bears, salmon, whales, mountain goats, and deer. Paddle through a bay, silty from the outwash of a mountain river. On shore, your guide points out intertidal curios along the beach. The gaze of watchful eagles keeps you on point. (BLD)

DAY 9 Ketchikan

Take a town day in Alaska's southernmost city, the "salmon capital of the world." Ketchikan's claim-to-fame—the world's largest collection of standing totem poles. Connect with the Tlingit Culture. Tribal leader and local legend Joe Williams, known as Ka Xesh X'e in his native language, guides you on a walking tour. With a rich oral tradition, the Tlingit passed stories from generation to generation—and Joe's storytelling is captivating! (BLD)

DAY 10 Canada's Inside Passage

Leave behind Alaskan waters and continue on—to British Columbia. Start the morning with guided stretches on the sun deck. Pass Dixon Entrance and postcard-perfect Dundas Island Lighthouse. A waterfall and old abandoned cannery come into view. That's Butedale. Once a fishing hub, now a ghost town. The Great Bear Rainforest, known for the white "spirit" bear, stretches all around you. Princess Royal Island marks the southern border of the bear's territory. Spunky sea otters off the starboard. Red roofs of Boat Bluff Lighthouse greet you as you pass out of Tolmie Channel. Aiming to entertain and educate over the next days, your expedition team is at the ready. Natural history, Native influences, and their favorite trivia games, too. (BLD)

DAY 11 Canada's Inside Passage

Take your cup of joe to the bow. The world wakes up with you. Bald eagles watch the ship along its course from tree tops. Islands to the west, inlet-etched mainland etched to the east. Fitz Hugh Sound was first explored by Europeans in the 1720s. Today, it's favored by sail boats. Your captain and mates navigate the twisting passage. Harbor seals spend their days on rocky islets. Breathe in the fresh air and take in the views. In the lounge, your bartender mixes up the daily special. Take the challenge and play a few friendly hands of cards with your shipmates. (BLD)

DAY 12 Salish Sea / Canada's Inside Passage

High-rising mountains. Deep fjords. It's a day of intricate waterways and cruising for critters. In Johnstone Strait, you may spot a pod of orcas. Surf-happy dolphins and porpoise like to catch a ride on the bow wave. Your captain and crew are on the lookout and give the call of a sighting. Seymour Narrows opens to the Strait of Georgia. Islands of green. The Coast Range. Small communities dotting the beaches and fjords. (BLD)

DAY 13 San Juan Islands, Washington

Each island in the San Juan archipelago has unique character. Orcas and harbor seals haven't picked favorites. You could spot them in any passage. Give your arms a stretch. Kayak or paddle board along a tucked away cove. Sea stars dot rocky outcroppings orange and purple. Curious harbor seals watch your moves. Get in more mileage on a skiff ride to further inlets. There will be time to hike too. A high point gives views of the Olympic and Cascade Mountains. Look low and nose around pools for creatures left behind by the outgoing tide. (BLD)

DAY 14 Olympic National Park

Wake up in the Salish Sea. Your expedition team has big plans for the day. Daypacks packed, boots on your feet. Hit the trail for a hike on Hurricane Ridge in Olympic National Park, a UNESCO World Heritage Site. Panoramic views plus giant old-growth trees, ferns, wild rhododendron—the flora is dense and diverse. Back aboard, sail east toward the hundreds of islands that comprise the San Juans where your captain drops anchor in a quiet reach before your return to Seattle. Tonight, join your captain for the Farewell Dinner. After, as a special treat, your expedition team shares a slideshow of your journey. (BLD)

DAY 15 Seattle, Washington - Disembarkation

Ah, the Emerald City! After breakfast, transfer to the Seattle-Tacoma airport or begin your UnCruise overnight stay or extended land tour. (B)

B=Breakfast, L=Lunch, D=Dinner

Itineraries are guidelines; variations in itinerary and the order of days may occur to maximize your experience.

Passport required (non USA citizens).
